

**KUESIONER 1:**  
**PEMBOBOTAN MODEL INTEGRATED HALAL FOOD INFORMATION BASED ON CHATBOT AI-KNOWLEDGE MANAGEMENT SYSTEM**

**A. Kuesioner 1**

Kuesioner 1 ini bertujuan untuk memberikan bobot kepentingan dari setiap variable dan sub variable yang terdapat dalam pembangunan Model Integrated Halal Food Information Based on Chatbot AI-Knowledge Management System. Adapun target responden yang akan mengisi kuesioner ini adalah Akademisi dibidang Teknologi Informasi, Ekonomi dan Bisnis Halal/Syariah, Supply Chain Menejemen, Praktisi/Asosiasi/Komunitas dibidang Bisnis Makanan Olahan, Peternak Sapi, Pengelola Logistik Makanan Olahan, Distributor Daging Olahan, Pengelola Rumah Potong Hewan, Pendamping Halal, BJPH, Majelis Ulama Indonesia (MUI), LPPOM dan Praktisi dari Pemerintah Dinas Perdagangan dan Industri/Dinas Koperasi dan UMKM, Dinas Peternakan Propinsi dan Pusat. Pada kuesioner 1, Kerangka Pembangunan Model dapat dilihat pada Tabel 1 dibawah ini.

**Tabel 1. Kerangka Pembangunan Model Variabel dan Sub-variabel**

| No.                    | Variabel / Sub-Variabel                                                              |
|------------------------|--------------------------------------------------------------------------------------|
| <b>Kriteria Umum</b>   |                                                                                      |
| KU1.                   | Masa berlaku sertifikasi halal - Halal certification validity                        |
| KU2.                   | Kepatuhan terhadap syariat - Sharia compliance                                       |
| KU3.                   | Kelengkapan jejak - Traceability completeness                                        |
| KU4.                   | Risiko kontaminasi silang - Risk of cross contamination                              |
| KU5.                   | Kelengkapan dokumen - Documentation completeness                                     |
| KU6.                   | Kepatuhan terhadap standar sanitasi dan kebersihan - Sanitation & hygiene compliance |
| KU7.                   | Kompetensi sumber daya manusia - Human resource competence                           |
| KU8.                   | Pemisahan produk halal dan non-halal - Segregation halal/non-halal                   |
| KU9.                   | Rantai dingin & pengendalian mutu - Cold chain & quality control                     |
| KU10.                  | Tindakan perbaikan & penanganan insiden - Corrective action & incident handling      |
| <b>Kriteria Khusus</b> |                                                                                      |
| <b>CP1</b>             | <b>Kandang Sapi - Farm</b>                                                           |
| CP1.1.                 | Asal-usul sapi & Traceability - Cattle Origins & Traceability                        |
| CP1.2.                 | Status kesehatan sapi - Cattle health status                                         |
| CP1.3.                 | Kepatuhan pakan - Feed compliance                                                    |
| CP1.4.                 | Dokumentasi pemeliharaan - Maintenance documentation                                 |
| CP1.5.                 | Kebersihan kandang & Sanitasi - Coop Cleanliness & Sanitation                        |
| <b>CP2</b>             | <b>Pakan &amp; Kesehatan Hewan - Animal Feed &amp; Health</b>                        |
| CP2.1.                 | Halal status bahan pakan - Halal status of feed ingredients                          |
| CP2.2.                 | Kontrol obat/vaksin hewan - Control of veterinary drugs/vaccines                     |
| CP2.3.                 | Pengawasan veteriner - Veterinary supervision                                        |
| CP2.4.                 | Supplier reliability pakan - Feed supplier reliability                               |
| CP2.5.                 | Penyimpanan pakan (segregasi) - Feed storage (segregation)                           |
| <b>CP3</b>             | <b>Transportasi Hewan ke RPH- Transportation of Animals to the Slaughterhouse</b>    |
| CP3.1.                 | Kelayakan transportasi hewan - Animal welfare in transport                           |

| No.        | Variabel / Sub-Variabel                                                                      |
|------------|----------------------------------------------------------------------------------------------|
| CP3.2.     | Kebersihan kendaraan - Vehicle cleanliness                                                   |
| CP3.3.     | Ketertelusuran selama transportasi - Traceability during transport                           |
| CP3.4.     | Dokumentasi perjalanan - Travel documentation                                                |
| CP3.5.     | Kompetensi petugas handler - Handler competencies                                            |
| <b>CP4</b> | <b>Rumah Potong Hewan - Slaughterhouse</b>                                                   |
| CP4.1.     | Validitas sertifikat halal RPH - Validity of the Slaughterhouse Halal Certificate            |
| CP4.2.     | Kompetensi juru sembelih halal - Competence of Halal Slaughterers                            |
| CP4.3.     | Kesesuaian proses sembelih syariah - Compliance with Sharia-compliant Slaughtering Processes |
| CP4.4.     | Pemeriksaan ante/post-mortem - Ante/Post mortem Inspections                                  |
| CP4.5.     | Sanitasi alat & area - Equipment and Area Sanitation                                         |
| CP4.6.     | Pemisahan halal & non-halal - Separation of Halal and Non-Halal Meat                         |
| CP4.7.     | Dokumentasi & batch traceability - Documentation and Batch Traceability                      |
| CP4.8.     | Audit & corrective action internal - Internal Audits and Corrective Actions                  |
| CP4.9.     | Pengawasan halal internal - Internal Halal Supervision                                       |
| <b>CP5</b> | <b>Post - Slaughter Handling</b>                                                             |
| CP5.1.     | Handling karkas & sanitasi - Carcass Handling & Sanitation                                   |
| CP5.2.     | Batch identification karkas - Carcass Batch Identification                                   |
| CP5.3.     | Segregasi karkas halal/non-halal - Halal/Non-Halal Carcass Segregation                       |
| CP5.4.     | Dokumentasi proses post-slaughter - Post-Slaughter Process Documentation                     |
| <b>CP6</b> | <b>Pengolahan Daging - Processing</b>                                                        |
| CP6.1.     | Halal status bahan tambahan/additif - Halal status of additional ingredients/additives       |
| CP6.2.     | Sanitasi peralatan produksi - Sanitation of production equipment                             |
| CP6.3.     | Jalur produksi khusus - Dedicated production line                                            |
| CP6.4.     | Kontrol batch & formula produk - Batch control & formula produk                              |
| CP6.5.     | Kepatuhan kemasan & label - Packaging & label compliance                                     |
| CP6.6.     | Kompetensi operator (training) - Operator competence (training)                              |
| <b>CP7</b> | <b>Cold Storage - Warehouse</b>                                                              |
| CP7.1.     | Kepatuhan suhu - Temperature compliance                                                      |
| CP7.2.     | Halal segregation penyimpanan - Halal segregated storage                                     |
| CP7.3.     | Kebersihan gudang/cold room - Warehouse/cold room cleanliness                                |
| CP7.4.     | Batch traceability & FIFO/FEFO - Batch traceability & FIFO/FEFO                              |
| CP7.5.     | Penanganan insiden (suhu naik) - Incident handling (temperature rise)                        |
| <b>CP8</b> | <b>Distribusi - Logistic</b>                                                                 |
| CP8.1.     | Transportasi halal khusus - Dedicated halal transport                                        |
| CP8.2.     | Sanitasi kendaraan - Vehicle sanitation                                                      |
| CP8.3.     | Distribusi dengan kontrol suhu - Temperature control distribution                            |
| CP8.4.     | Ketelusuran rute & pengiriman - Route & delivery traceability                                |
| CP8.5.     | Pencegahan kontaminasi (pemuatan) - Contamination prevention (loading)                       |
| CP8.6.     | Kelengkapan dokumentasi - Documentation completeness                                         |
| <b>CP9</b> | <b>Retail – Pasar - Supermarket</b>                                                          |
| CP9.1.     | Validitas label halal - Halal label validity                                                 |
| CP9.2.     | Pemisahan tampilan halal/non-halal - Display segregation halal/non-halal                     |
| CP9.3.     | Suhu penyimpanan ritel - Storage temperature retail                                          |
| CP9.4.     | Pengendalian tanggal kedaluwarsa - Expiry date control                                       |
| CP9.5.     | Ketelusuran pemasok - Supplier traceability                                                  |
| CP9.6.     | Penanganan keluhan konsumen - Complaint handling consumer                                    |

**Petunjuk Pengisian:**

1. Berilah tanda *melilingkar* (○), pada kolom **Urutan Skala Kepentingan (1-5-sesuai dengan jumlah variabel)** berdasarkan penilaian tingkat kepentingan dari masing-masing variabel terhadap variabel yang lainnya, dimana skala 1 “**tidak penting**”, dan skala 5 “**paling penting**”.
2. Berilah tanda *melilingkar* (○), pada kolom **nilai bobot kepentingan (1-9)** dari variabel tersebut, dimana 1 dengan bobot kepentingan “**paling rendah**”, dan 9 dengan bobot kepentingan “**paling tinggi**”.

**Contoh:**

1. Pilih Urutan Skala Kepentingan dari semua variabel (1-5 sesuai dengan jumlah variabel)

| No | Variabel                                | Urutan Skala Kepentingan (1-5) |   |   |   |   | Nilai Bobot Kepentingan (1-9) |   |   |   |   |   |   |   |   |
|----|-----------------------------------------|--------------------------------|---|---|---|---|-------------------------------|---|---|---|---|---|---|---|---|
|    |                                         | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 1  | Halal Food Supply Chain (HFSC)          | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 2  | Process Production/Proses Produksi (PP) | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 3  | Transaction/Transaksi (TC)              | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 4  | Management (MG)/Menejemen               | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 5  | Macro-environment (MA)/Lingkungan Makro | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |

2. Pilih nilai bobot kepentingan dari variabel tersebut dengan range kepentingan (1-9).

| No | Variabel                                | Urutan Skala Kepentingan (1-5) |   |   |   |   | Nilai Bobot Kepentingan (1-9) |   |   |   |   |   |   |   |   |
|----|-----------------------------------------|--------------------------------|---|---|---|---|-------------------------------|---|---|---|---|---|---|---|---|
|    |                                         | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 1  | Halal Food Supply Chain (HFSC)          | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 2  | Process Production/Proses Produksi (PP) | 1                              | 2 | 3 | 4 | 5 | 1                             | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
